Welfare of Members

We are keen that members continue to support each other during the coming weeks and months with phone calls and messages when we know someone is experiencing difficulties. Visiting is difficult but continuing human contact from a friend is so uplifting. Please be sure to let Hamish know if you are ill or just desirous of contact so we can manage some support.

Probos Insurance

Your committee has sought to clarify the insurance cover afforded to Club Activities through our affiliation with PSPL.

We are pleased that there is accident and sickness cover provided for our members and also have clarified that partners and guests are included whilst on authorised business or activities of PSPL. will be include.

During this time we will be looking to standardise the documentation required for organisers / coordinators of activities to ensure there is clear recording of the required information should there be a need for a claim. A standard incident report will also be devised for use if required.

Aquarobics Group

This activity group has begun weekly 'Zoom' meetings on the internet in order to socialize and exchange greetings. It is a pleasant way to keep in touch and keeps us in regular contact with each other's news and interests. We intend to continue to meet regularly each Friday morning at the time we used to have our coffee after pool exercises.

Two hillbillies walk into a restaurant. While having a bite to eat, they talk about their moonshine operation.

Suddenly, a woman at a nearby table, who is eating a sandwich, begins to cough.

After a minute or so, it becomes apparent that she is in real distress. One of the hillbillies looks at her and says, 'Kin ya swallar?'

The woman shakes her head no. Then he asks, 'Kin ya breathe?'

The woman ...begins to turn blue, and shakes her head no.

The hillbilly walks over to the woman, lifts up her dress, yanks down her drawers, and quickly gives her right butt cheek a lick with his tongue.

The woman is so shocked that she has a violent spasm, and the obstruction flies out of her mouth. As she begins to breathe again, the Hillbilly walks slowly back to his table. His partner says, 'Ya know, I'd heerd of that there 'Hind Lick Maneuver' but I ain't niver seed nobody do it!

Always Wear Underwear...

Always wear underwear in public, especially when working under your vehicle. From the local paper comes this story of a Brisbane couple who drove their car to the shopping centre, only to have their car break down in the car park. The man told his wife to carry on with the shopping while he fixed the car.

The wife returned later to see a small group of people near the car. On closer inspection, she saw a pair of hairy legs protruding from under the chassis.

Unfortunately, although the man was in shorts, his lack of underpants turned his private parts into glaringly public ones. Unable to stand the embarrassment, she dutifully stepped forward and quickly put her hand up his shorts, and tucked everything back into place.

On regaining her feet, she looked across the bonnet and found herself staring at her husband who was standing idly by watching.

The R.A.C.Q. mechanic however, had to have three stitches in his forehead.
